SUMMARY

I am a Junior Web Developer able to build a Web presence from the ground up – including concept, navigation, programming layout, and SEO. Highly skilled at writing well-designed, testable and efficient code using current best practices in Web Development. I've also acquired the ability to teach myself new technologies and concepts using documentation and references from open source resources and eager to prove myself to the best of my abilities.

PROJECT WORK

HELIO TRAINING COLLABORATIVE PROJECT | 10.2018 – CURRENT
Larry H Miller Entertainment Group | Web Development Intern

- Tasked with building mobile application for affiliate NBA G-League team The Salt Lake Stars to better reach fans and sponsors.
- Built with React Native.
- Experience working on a full-fledged scrum team with daily standups and communication.

PROFILE | WORK/PROJECTS

- <https://connerdonohoo.netlify.com/>
- Personal profile site showcasing all past and ongoing projects.

ANGULAR CRUD APP | 11.2018

- Full stack application with a small team of four tasked with building a basic CRUD application using Angular and Hapi.
- Built with no prior experience in any languages used for application.
- Final project was built with Angular, Hapi, Mongoose, and MongoDB with stylings from Material Design for Bootstrap 4.
